

THE UK'S LEADING SUPPLIER OF CABLE TIES, CRIMP TERMINALS AND RELATED ACCESSORIES

Data Sheet – Spectrum Pack

Spectrum Pack is only available from C Tie and is made by our in house product development team. We recognise that not every end user wants to have an individual bag of cable ties for every colour, so we have designed a high quality, plastic, re-sealable tube containing all of our standard colours. The cable ties are still made from high quality virgin Nylon 6,6 which can be tightened by hand or using one of our tensioning tools. The cable ties are tested before leaving the factory by an outside testing company to ensure the highest levels of quality and strength. This data sheet applies to the cable ties inside the Spectrum Pack.

Material: Virgin Nylon 6,6 (Zero Halogen + Low smoke and fume)
Flammability Rating: UL94 – V2
Military Specification: 23190E
Working Temperature: -40°C to +85°C
Smoke Density: Flaming – 35
Non Flaming – 13

Our coloured cable ties are compliant to European directives:

ROHS - 2002/95/EC

ELV – 2000/53/EC

WEEE – 2002/96/EC

Our coloured cable ties are tested at random by an outside testing company and must always conform to the minimum tensile strengths below:

2.5mm Wide Ties – 8.1kg (18lbs)

3.6mm Wide Ties – 18.2kg (40lbs)

4.8mm Wide Ties – 22.2kg (50lbs)

7.6mm Wide Ties – 54.4kg (120lbs)

9.0mm Wide Ties – 79.4kg (175lbs)

13mm Wide Ties – 114kg (250lbs)

Black Cable Ties always recommended for outdoor use, due to higher carbon content. UV Stabilised cable ties also available.

All C Tie cable ties have labels on the outer bag stating the size of the cable tie in millimetres & quantity per pack
